

R1M HD Recording FPV Camera

Date:	10.11.2025
Camera Firmware Version:	0.2.2
SIYI FPV App Version:	2.5.16.104
UniGCS App Version:	2.0.4

Update content :

New Features:

1. Added support for simultaneous quad-stream RTSP video feeds.

A single R1M camera can now broadcast real-time video to 4 devices concurrently.

Issue Fixes:

1. Resolved intermittent firmware upgrade failures in SIYI FPV APP.
 2. Fixed abnormal recording time display in UniGCS APP.
 3. General bug fixes for known issues.
